

Medium Weight Linen IL019 Colors are Now on SALE!

## Description

If you recall, for 3-days only we were selling 16-yard pre-cut rolls of this delicious linen fabric, in your choice of 24 vibrant colors and they simply flew out the door!

So why was the response so overwhelming?

Well, for one, this linen fabric is an absolute joy to work with. It washes well, it's easy to handle, has a wonderful drape to it and it wears like nothing you've ever worn before!

IL019 is also very versatile -a medium weight fabric that can be used for fashion apparel, re-enactment and Interior de'cor.

But you also have to wonder: did lowering the price have anything to do with the huge response?

Silly question. Of course it did!
