

New fabric has arrived!

Description

We just received a shipment of 4C22 in Bleached Softened, Natural and Bleached not softened!

These are heavy weight 100% linen fabrics, made out of short staple threads so they have more linen slubs and have the genuine home spun look.

You probably have been waiting for some time for the arrival of these fabrics and to make their appearance even more pleasant, we would like to extend to you a 10% discount.

Use coupon code "4C22LINEN" at check out.
