Promotional sale on newly arrived Jacquards!

Description

What a better way to start your projects than with great savings on these gorgeous fabrics!

You have heard of the very exclusive Jacquard weave linen fabrics. Silky and durable, this fabric is on the crafters most wanted list any time of year.

Jacquards, to some better known as Damask fabrics, are made by using different or same color threads that are woven very closely together to form a design pattern throughout the cloth surface. This type of weave is very difficult to produce thus making Jacquard fabrics very exclusive, especially in 100% linen.

â??Â¢ By adding Jacquard linen to your project, you will achieve amazing results without any extra design work, the design in the weave will be doing the work for you
â??Â¢ Although these fabrics look like silk and extend the impression of being high maintenance and delicate, they are 100% linen and very durable
â??Â¢ These 100% linen Jacquards are certainly very easy to work with and can definitely be washed.
â??Â¢ Ease of fabric care allows you to use this fabric in many projects not having to worry about difficulty in caring for the made articles.

To make sure there is a complementary Jacquard for every project, these fabrics have been brought in a plethora of color combinations.

I do hope that everyone who requires this fabric will have the opportunity to work with it, although there is a wide selection, we are very limited in quantity.

With this promotional discount, you can save on silky, durable cloth and get ready for projects such as:
â??Â¢ Fine table linens
â??Â¢ Elegant clothing
â??Â¢ Luxurious bed linens
â??Â¢ And updates to your furnishings

The promotion will be this week â?? only through Sunday, June 15th and is an excellent opportunity to save an extra 10%.

Enter here to go directly to the discounted 100% linen Jacquards and start saving now!
