New linen colors for the latest runway trends!

## Description

new linen colors!

I have been waiting, rather impatiently, for the new colors of linen to arrive. And now....the time has finally arrived!

I am really excited to add these new colors to my linen collection. 'Â I held a few samples in my hands the other day and they were stunning!'Â The colors are vibrant and fun. 'Â I cant wait to start sewing and crafting with them.

I want to just give everyone a heads up and announce that the new shades will be on SALE starting Tuesday, January 3rd in 'Â [IL020](#)'Â linen. 'Â I think the lighter-weight linen works perfectly with these fun new colors. I have already made a list of my favorites! I haven't quite figured out what I'll make just yet though...so your suggestions are greatly welcomed!

Perhaps looks for the Spring 2012 Ready to Wear runways will give us all some inspiration! I loved the variety of colorful looks that designers showcased this season. 'Â Even I was inspired to add some color to my otherwise neutral toned wardrobe (black, white, gray....and more black....)

I've put together some color trends I noticed for this fashion season. 'Â I'm in love with color now!

*1st row:* Chloé, Chanel, Christian Dior; *2nd row:* Chloé, Givenchy, Jason Wu; *3rd Row:* 3.1 Philip Lim, Givenchy, Jil Sander.

I adore the range of pinks from soft blush tones to more girly pinks. 'Å I love the idea of bubblegum pink for clothing, like trousers, 'Å for a playful spin on an ordinary outfit!

1st row: Alexander McQueen, Donna Karen, Proenza Schouler; 2nd row: Acne, Donna Karen, Chloe; 3rd Row: Christian Dior, Prada, Valentino. Fiery reds add a unexpected blast of color as they came down the runway. 'À Try

Blue is always a classic choice when it comes to colors.'Â I'm really into the dreamy, soft blues that came down the runways.'Â And, while that Chanel jacket will never be mine, I can still make something beautiful with linen!

row 3: Acne, Burberry Prorsum, Louis Vuitton.

I tend to avoid yellow clothing- having previously held the belief that yellow flatters NO skin tone. 'Â I will fully admit how wrong I was now. 'Â If done right, yellow looks fantastic. 'Â I can't wait to incorporate a striking yellow number into my wardrobe. 'Â I am also on the hunt for a delicate, pale yellow dress to complete my life.

*\*Did you gain some colorful fashion inspiration? 'Â Don't forget- there will be a sale on the new colors for'Â [IL020](#)'Â linen in the very near future! You will receive an email from'Â [Fabrics-store.com](#)'Â when the sale begins- so make sure you are signed up for our emails. 'Â Please feel free to share your colorful linen ideas by leaving a comment! I'd love to hear what your ideas are!*
