

## A 5 minute napkin Tutorial

### Description

A really simple way to make your table look fabulous. Five minutes of your time, et voila- sexy setting guaranteed.

**Difficulty:** Beginner

**Materials:**

6 x 12 squares of [IL019 Mix Natural Softened](#)

Matching Thread

Sewing Machine

**Time:** 5-10 minutes

1. Cut your 12 squares
2. Start to carefully pull one thread at a time from one side until you have a fringe. Repeat on the other 3 sides. I made mine about an inch.
3. Straight stitch around the perimeter of the napkin about 1/4 inch from the fringe.

Note: Hand wash only as otherwise the fringe will get tangled up.

Enjoy the simple glamour.
