

Mitered Corners Napkin Tutorial

Description

Very simple and yet undeniably elegant way to decorate your table. If you use a heavier fabric, with its weight it adds a certain sense of chic. Perfectly fine in a medium weight. The colour I chose too carries a certain quiet brilliance. Looks great on natural wood.

To make a set of sixâ?? 18-inch square napkins:

Materials:

Six 20â?³ squares in Cobalt IL019

Contrasting thread

Pins

Sewing machine

Time: 2 hours

Level: Beginner

1. Cut yourâ?? linen into a 20 inch square.

2.â?? Press each side of the solid square 1 0inch towards the inside of the square.

3.â?? Unfold the corners so you can see the marks the pressing made.â??

4. Fold diagonally at the point where the pressing marks intersect as shown above.

5. Iron

6. Unfold, place both sides together and straight line stitch 2/3 alongside the mark you just made with the iron.

7. Once stitched, cut off the corner.

8. Using the folding marks you initially made, double hem all four edges, tucking in the corners as shown below.

9. Top stitch the folds down around all four sides, pivoting at the corners and making sure to back stitch at the beginning and end of the seam.

10. Repeat with the remaining linen. Enjoy.
